

# Amira Badges Guide

## What are Amira Badges?

Amira Badges recognize student progress and achievements in reading with Amira Tutor. Badges are available for both English and Spanish reading and are only visible to students after a teacher awards them.

## Getting Started: Enable Badging (Admins)

Before badges can be used, a District or School Administrator must turn the feature on. They can log into the Administrator Dashboard, select the Badging & Avatar Settings tile, and toggle Badging to Enabled. [Click here for a walkthrough.](#)

## How Badges Work

Students can earn badges for five different categories, or for teacher-created custom categories:

- Total Sessions
- Minutes This Week
- New WCPM Highs
- Skills Scaffold Graduation (Early Reader)
- Fluency Milestone Achieved
- Teacher-created

Each achievement can include up to six levels, and every level has its own mascot. Some achievements may not offer a badge at every level.

English Badges:

Badging is teacher-controlled. Even if a badge is achieved, it is not awarded (and students won't see it) until a teacher approves it in the Usage Report. [Click here for a walkthrough.](#)

Once approved, students will experience a "Badging Ceremony" when they receive a new badge ([see a video here](#)). Students can view their awarded badges anytime from the Progress Screen. They can review details by hovering over the mascots.

Students earn a certificate each time they achieve a new badge, which can be printed by teachers from the Usage Report.
