

Is Your District Our Next **Amira** **Growth Story?**

Across the country, districts are making meaningful gains in literacy with Amira. We're collecting stories that show what that growth looks like in practice — from district leadership to classroom implementation.

WHY PARTICIPATE?

An Amira Growth Story gives your district a platform to celebrate progress, recognize educators, and share what's working with other literacy leaders.

WHAT MAKES A GREAT GROWTH STORY?

- Clear literacy growth supported by district data
- Educators using Amira insights to support instruction
- A story that reflects meaningful impact across classrooms, schools, or the broader district community

WHAT'S INVOLVED?

- A 30–45 minute recorded interview, virtual or in person depending on location
- A written feature, video story, or both
- Perspectives from district leaders, educators, and students

READY TO SHARE YOUR STORY?

Your district's work has the power to inspire others. Contact your Customer Success Manager or email jaclyn.wright@amiralearning.com to get started.
